Dear Hiring Manager:

It is with great interest that I am applying for the positions advertised on the Ocean Tracking Network webpage. With a Masters Degree in Political Science focusing in Public Administration and experience in the fisheries realm, I am confident that I would quickly prove to be a valuable asset to this department. My resume is attached for your review.

My five years of university have also enhanced my communication and presentation skills. I have had the opportunity to speak at numerous conferences, including a presentation at the Midwest Political Science Association 47<sup>th</sup> Annual Conference, one the most recognized academic conferences in the world. Furthermore, my skilled writing abilities can be demonstrated through the article I co-authored for publication in a renowned journal, Policy Options and my master's research paper on fisheries management.

I am confident that my skills, experience and education would prove to be valuable assets to this organization. I would be happy to provide you with additional details regarding my qualifications and experiences for this position. I can be reached at 902-407-2662 or 902-440-6497 and look forward to receiving your call.

Thank you,

Aaron MacMullin
